

## *THINGS TO DO WITH YOUR STUDENT*

Greetings Host Family,

First off, thank you so much for opening your home, and welcoming an international student as a member of your family. We are truly grateful.

This document is to offer ideas about where you could enjoy a free day or a couple hours in the evening with your student(s). Our hope is that your whole family could do something everyone will look forward to and remember fondly for a long time. The impression the student(s) should get is that you have made a special plan to "show them something cool and fun". The list below is broken down by regions in southern California. I encourage you to look through the whole list, as some places might be worth a little more of a drive to see something different and new. It is not recommended you share this list with your student(s), as they would be overwhelmed and not able to easily make a decision.

The following activities are easy to find/plan, no matter where you live:

- Summer: concerts in the park, movies in the park
- Winter: snowboarding/sledding
- All seasons: DIY workshops for kids at Home Depot, camping, hiking, local "Farmer's Market", Taco Tuesday Night, have a girls day (mani/pedi), spend time at the beach (Balboa Pier, Huntington Beach, etc.) and stay late for a bonfire and some S'Mores!

Have you ever wanted to see the Grunion Run?

<https://www.californiabeaches.com/grunion-run-schedule/>

How about "that place" you've always heard is great to watch the sun set or stargaze?

Whatever you plan with your student(s) will hold happy memories that stay with you long after departure day.
